Activity: Work | Office Work | WFH (Home)

Organization: Cortellis Regulatory Intelligence (CRI) | Clarivate | Jupiter (Cortellis Team 1)

JIRAs: LSC-86112

**Comment**

The frontend issue was reproduced, fixed, and validated in the test environment.

### Sep 22, 2026

#### JWT inserted at email chips at edit alert

Activity: Office Work | WFO (Office)

Organization: Cortellis Regulatory Intelligence (CRI)

JIRAs: LSC-84944

**Comment**

The token was inserted into the recipients field as an email chip. The update now retrieves the email value and validates it before adding the recipient. Changes have been carefully tested in the stable environment.
